

OG&P SIG Overview

Our Vision:

The Oil, Gas and Petrochemical Specific Interest Group (OGPSIG) is dedicated to networking and advancing the state of the art in professional project management for the Oil, Gas, and Petrochemical Industries, and to be recognized as an industry leader with a passion for excellence.

OG&P SIG Overview

Our Mission:

To provide a recognized forum for the exploration of ideas for applications and solutions to project management challenges related to the management of Oil, Gas and Petrochemical projects. We will foster communication among members and disseminate information within the Oil, Gas and Petrochemical project management community regarding current techniques and developments in project management. We will use our expertise to achieve and maintain "world class project management" for the Oil, Gas and Petrochemicals industries.
